The 25th member of the class, [REDACTED] has decided to return to the Air Force as a Regular Officer. Another, [REDACTED] has developed some reservations about an Agency career and has told his advisor, [REDACTED] that he is considering acceptance of a Regular Army commission; no final decision has been announced.

(NOTE: The Office of the DD/S is aware of the foregoing, having participated in working out all assignments.)

2. The Spring class will begin on 22 March with 32 trainees. We had expected 35 to 40, but processing could not be completed in a few cases in time to bring the individuals in. Details of the class will be reported separately.

4. On 12 March Chief/JOTP briefed the senior staff of NPIC concerning the Program. This proved to be a very worthwhile exchange which has improved our mutual understanding of what we can - and should - try to do for each other on a continuing basis. They have a small requirement for externally recruited JOT's, both PI's and generalists, and have undertaken to define their requirements somewhat better than in the past. As it turned out, however, most of our discussion had to do with the internal program, and the opportunity it affords them to broaden some of their specialized technical personnel.
